## EXPERIENCE

**P&P Grocery LLP**, 4300 Fegenbush Ln. 40228 — Overall worker

Jul 2017- PRESENT

It's my family's grocery store. I work as a cashier, help stock items, and do deliveries from wholesale stores.

## EDUCATION

**Fern Creek High School**, 9115 Fern Creek Rd. 40291

Aug 2017 - May 2021

**Cumulative Weighted GPA:** 4.077, **Unweighted:** 3.691, Class percentile 96.91%, 12th/ 387 students.

All AP and Adv classes. Some of my classes include AP Calc, AP Physics C, AP Calc BC, AP Stats, AP Computer Science Principles and etc.  
Other learning platforms: Udemy, Coursera, Lynda, and etc.

## PROJECTS

**P&P Grocery — Customer Tab System (2019)**

Made an app with my brother to keep track of any customer's running tab for my family grocery store.

**UofL Hackathon — Alarm App (2017)**

I attended the Hackathon with my brother and his college friends. We made an alarm app that only stops when a user reaches their bathroom. I worked on the front end/design mostly. I learned to work in teams and how to use Django for the first time.

## EXTRACURRICULAR ACTIVITIES

**Chess team** - I played on the top 3 boards. Best performing player in individual tournaments for school.

**Varsity Tennis** - Played on the starting courts every game.

**Yearbook** - Took pictures at sports games, edited 10+ pages on the yearbook. Wrote 10+ articles. Added and edited over 1000 pictures.

**National Honors Society** - Membership requirement of 3.5 gpa+, selective group, provides scholarship opportunities.

**Beta Club** - Volunteering group.

**Jv Soccer** - Started some games, played as a team player.

**Gaming Club** - Played League of Legends with friends.

**Breakfast for Alumni** - learned how to cook traditional American breakfast.

## SKILLS

**Web Designing** - Html and CSS.

**Object-Oriented Programming** - Python and Javascript.

**Web framework** - Django, Bootstrap, and jQuery.

**Technical analysis** - Day traded stocks, forex, and cryptos. My strategy was scalping, made about \$400 dollars in 2 months.

**Culinary** - Learned how to make Asian/Indian dishes. Ex: Chow Mein, Dumplings, Somaoas, Kimchi, all types of curries, and etc.

**Quick thinker** - I play a lot of blitz/bullet chess and code wars.

## AWARDS

**Microsoft Technology Associate (MTA) Certification** (2019)

**Bhutanese/Nepali Community Recognition** (2018) - Award for cooking and distributing food during a religious festival.

## LANGUAGES

**Nepali, English, and Hindi.**
